QUALITY POLICY

Australian Hyperbaric Therapy Franchises Pty Limited (AHTF) is engaged in the supply and distribution of portable Oxygen therapy mild hyperbaric chambers. AHTF (Hyp02) maintain a high standard in the products and the services provided in keeping the customer satisfied.

AHTF (Hyp02) is committed to and encourages continuous improvements across all facets of operations. AHTF (Hyp02) believe it fundamental to achieve highest levels of quality in all areas of its operations in pursuit for continued growth and prosperity of the organisation. AHTF (Hyp02) has outsourced a part of their product manufacturing and assembly operations to a company with expertise in that area meeting their criterion in terms of performance, quality of workmanship, pricing, delivery on time and the statutory and regulatory requirements. This allows AHTF (Hyp02) management to consciously focus and systematically monitor all facets of its business to ensure the safety and product performance meet or exceed the customer's and statutory and regulatory requirements.

AHTF (Hyp02) places utmost importance in continuous improvement in its products and services. AHTF (Hyp02) endeavour to improve its processing capabilities and ensuring that optimum level of performance is achieved in a safe environment by providing trained and experienced operators where required. AHTF (Hyp02) has Procedures and Work Instructions set in accordance with the Standards AS/NZS ISO 9001 :2008 and ISO 13485:2003 and the statutory and regulatory requirements that are followed throughout its operations ensuring consistency and opportunities to objectively monitor its performance.

To ensure the safety of all personnel, AHTF (Hyp02) as a conscientious company, is committed to protection against accidental loss to its employees, contractors, customers, visitors and property. The company management is accordingly, committed to the continuation of the Safety and Quality Assurance Management Systems and periodically reviews the performance through Management Review Meetings to ensure that their objectives are achieved.
